JOSS POWDER

(Common name: Jigat /Incense powder /Agarbatti/ Litsea glutinosa powder, Wood bark glue Powder)

Joss /Jigat powder is a herbal/botanical product which is made completely from red bark, green bark and leave of Litsea Glutinosa tree in central highland of Vietnam.

Its powder has variety of functionality to various manufacturing work as raw materials. Due to its excellent viscosity & adhesive properties it is used mainly as binding material in Fragrance Sticks and Mosquito Repellent Coils manufacturing industry.

There are various qualities of Joss Powder, depending on percentage of bark and leaf of Litsea glutinosa. The Joss Powder of 36 cup (highest quality) are made from pure red bark. We can supply various assortments of Joss powder from low viscosity to very high quality as per client's demand

With Regards.
